Dunalley-Tasman Neighbourhood House

Mr MITCHELL question to MINISTER for COMMUNITY and MULTICULTURAL AFFAIRS

My constituent in Nubeena asks about the Tasman Neighbourhood House. It's been a big issue in Question Time today, Neighbourhood Houses. As we know, the Tasman House has had to close because of the rot and the issues with pests inside that house. The council is supportive of the Dunalley-Tasman Neighbourhood House and the existing service delivery model under which it operates, and they are working constructively with Homes Tasmania - and now Building Tasmania, I guess - to restore the existing premises for use by the house. Council does not endorse the establishment of a new operating model which has been circulated.

My question to the Minister is: what steps is the Minister or his Department taking to ensure that the full range of services that Dunalley-Tasman Neighbourhood House have are brought back on stream, and to make sure that the premises are brought up to a standard so the community does not miss out on this very important service?
