

## Men's Sheds – Government Support

### **Mr SHELTON question to MINISTER for COMMUNITY and MULTICULTURAL AFFAIRS**

Our Tasmanian Men's Sheds do great work in our community, helping to bring together men in a welcoming and supportive environment. I was with the Premier recently when he visited the Longford Men's Shed to help them celebrate their 15th anniversary - and congratulations to them. Also, I recently had a meeting with another group of constituents who were keen to ensure the Government's support for Men's Sheds continue. Given this, I ask: what's the Tasmanian Government doing to support Men's Sheds around the state?
