Bushy Park Pool Reopening

Ms BADGER question to MINISTER for HOUSING and PLANNING

My question is from constituents in Bushy Park and the upper Derwent Valley. It's to the Minister of Planning and Infrastructure, who, conveniently, are both Mr Vincent. Mr Vincent would be well aware of the issues around the closure of the Bushy Park pool in relation not just to funding, but to planning and infrastructure that is in place as well. Having this pool is an essential service in this community, and the community desperately want it reopened. Will you finally come and meet with the community and the newly elected Derwent Valley Council to talk through solutions so that the upper Derwent Valley and central highlands community can again have an accessible public pool?
