

LEGISLATIVE COUNCIL

SESSION OF 2025 - 2026

(FIRST SESSION OF THE FIFTY-SECOND PARLIAMENT)

NOTICES OF MOTION AND ORDERS OF THE DAY

No. 26

Wednesday 15 April 2026

The Council meets at 11.00 am

Notices of Motion

1 Office of the Custodial Inspector Annual Report 2023-24

Given by: Ms *Webb*

Date: 19 August 2025

To be moved:

That the Office of the Custodial Inspector Annual Report 2023-24, and recent public statements of Custodial Inspector Richard Connock, be considered and noted.

2 Tasmania's Forest Carbon 2025 Update Report

Given by: Ms *O'Connor*

Date: 12 September 2025

To be moved:

That the Legislative Council:

- (1) Notes the release of the report 'Tasmania's Forest Carbon – 2025 Update', a co-sponsored project by the Tasmanian Climate Collective, the Tree Projects and the Wilderness Society, and authored by internationally respected scientist, Dr Jen Sanger.
- (2) Accepts the scientific fact that unlogged forests are the reason Tasmania can claim to be one of the first jurisdictions in the world to become net zero, evidenced by the State's greenhouse accounts from 2012 onwards.
- (3) Notes the report finds Tasmania's forests currently draw down an estimated 22 million tonnes of carbon each year, which would more than triple by 2050 if native forest logging ceases and forests are managed for climate, biodiversity, recreation and tourism.
- (4) Recognises the report finds that ongoing native forest logging and burning is also the State's single biggest emitter, with industrial scale forestry burns accounting for the emission of an estimated 1.6 million tonnes of carbon dioxide (CO₂e) each year.
- (5) Notes with concern federal and state government moves to facilitate the further burning of native forest for biomass, including at Goliath Cement in Railton.
- (6) Agrees that the single most effective step Tasmania can take to reduce emissions is to end native forest logging and burning – the necessary and ethical response to accelerating global heating which will impact on our communities, environment and economy with increasing intensity in the decades ahead.

3 Tasmanian Liquor and Gaming Commission Ministerial Direction

Given by: Ms *Webb*

Date: 23 September 2025

To be moved:

- (1) That the Legislative Council notes:
 - a) The State Government's Tasmanian Liquor and Gaming Commission Ministerial Direction (No. 1) 2022 requiring a mandatory cashless card system for poker machines in Tasmanian hotels, clubs and casinos, including loss limits, breaks in play and optional commitment for time spent playing be developed and implemented;
 - b) The Tasmanian Liquor and Gaming Commission undertook extensive public consultation on the implementation of the proposed poker machine mandatory pre-commitment card;
 - c) The proposed mandatory pre-commitment card was originally scheduled to be implemented by the end of 2024, and intended to cap losses at \$100 per day, or \$5,000 per year;
 - d) The State government announced on the 16 October 2024, that the Department of State Growth had engaged Deloitte Access Economics to undertake an analysis of the social and economic impact of the Government's poker machine mandatory pre-commitment card policy; and
 - e) That the terms of reference or contract provided for the Deloitte Access Economic review have not been released publicly; and
- (2) That the Legislative Council further notes:
 - a) In November 2024, the Premier announced an indefinite pause on proceeding with the proposed mandatory pre-commitment card; and
 - b) In June this year, the Premier further stated a mandatory pre-commitment card will not be introduced in Tasmania unless there is a national approach on the issue;
- (3) That the Legislative Council also notes with concern the state annual poker machine losses for 2024-25 which totalled \$193,908,165, a decade high level of losses from the Tasmanian community; and
- (4) That the Legislative Council calls on the Tasmanian Government to release immediately the 2024 Deloitte Access Economics' social and economic impact review report of the poker machine pre-commitment card policy.

4 Tasmanian Planning Commission Final Integrated Assessment Report

Given by: Ms *O'Connor*

Date: 24 September 2025

To be moved:

Given by: Ms Webb

Date: 11 November 2025

To be moved:

That this House notes:

- (1) The independent review established in November 2023 and undertaken by former Australian Public Service Commissioner Peter Woolcott AO, known as the *Independent Review into the actions taken in response to the information and concerns raised by the Commission of Inquiry into the Tasmanian Government's Responses to Child Sexual Abuse in Institutional Settings*; and
- (2) The Independent Review's findings and recommendations.

Date: 3 December 2025

To be moved:

That the *Security Contractor Transport of Young People in Custody: Safeguarding Review 2025* published by the Office of the Custodial Inspector Tasmania on 2 December 2025, be considered and noted.

8 Commission of Inquiry – Susan Neill-Fraser Conviction

Given by: Mr Gaffney

Date: 3 December 2025

To be moved:

That the Legislative Council:

- (1) Notes there is no Criminal Cases Review Commission in Australia to enable the independent review of convictions post appeal, as is the case in other countries including the United Kingdom, Canada and New Zealand;
- (2) Notes the cases of Lindy Chamberlain, Kathleen Folbigg, Andrew Mallard and Henry Keogh, all of whom had their convictions for murder quashed following significant concerns being raised by supporters regarding miscarriages of justice having occurred in their respective cases;
- (3) Notes the body of evidence and material that has emerged since the conviction of Sue

Neill-Fraser for the murder of Bob Chappell in 2010 that may raise doubt on the soundness of that conviction; and

- (4) Calls on the government to establish a Commission of Inquiry to enquire into and report on the correctness of the conviction of Susan Neill-Fraser for the murder of Bob Chappell.

9 Honouring the Willow Court Historic Site

Given by: Mr *Gaffney*

Date: 10 December 2025

To be moved:

That the Paper 'Honouring the Willow Court Historic Site: Realising the Potential of a World-Class Tasmanian Asset' by Dr Richard Benjamin be considered and noted.

10 Tasmanian Human Rights Act

Given by: Ms *Webb*

Date: 10 December 2025

To be moved:

- (1) That the Legislative Council notes the resolutions of this House passed on the 22 November 2022 and on the 26 November 2024 requesting the Tasmanian Government commence work on developing a Tasmanian Human Rights Act in accordance with the recommendations made by the 2007 Tasmanian Law Reform Institute's *A Charter for Human Rights for Tasmania Final Report*, and again in the TLRI's Update Report of 2024;
- (2) That the Legislative Council further notes that 10 December 2025 is the annual International Human Rights Day which commemorates the adoption of the Universal Declaration of Human Rights (UDHR) by the United Nations General Assembly in 1948, and that the 2025 theme is "Our Everyday Essentials";
- (3) That the Legislative Council further notes that:
 - (a) Human Rights Acts have been enacted in the Australian Capital Territory for the last 21 years, Victoria for the last 19 years, and Queensland for the last 6 years;
 - (b) In April 2025 the South Australian Parliamentary Social Development Committee formally recommended the enactment of a Human Rights Act for that state;
 - (c) In October 2025 a Bill for a Human Rights Act and to also establish a NSW Human Rights Commission was tabled in the New South Wales State Parliament;
- (4) And that the Legislative Council also notes with disappointment that the Tasmanian government has still failed to heed the previous resolutions of this House to progress a Tasmanian Human Rights Act for the protection of the "Everyday Essentials" crucial for all Tasmanians.

11 Banning the Use of Character References During Sentencing

Given by: Mr *Edmunds*

Date: 6 March 2025

12 Climate Council and Emergency Leaders for Climate Action Report: When Cities Burn

Given by: Ms O'Connor

Date: 18 March 2026

To be moved:

That the Legislative Council:

- (1) Notes the release of the report '*When Cities Burn: could the Los Angeles fires happen here?*' in January 2026 by the Climate Council and Emergency Leaders for Climate Action;
- (2) Notes the report finds that climate pollution - caused by the increased burning of coal, oil and gas - has made dangerous fire conditions more likely, including extreme dryness, heat and winds, alongside greater frequency of 'climate whiplash', the experience of a rapid switch between very wet and very dry weather;
- (3) Recognises that Australia - and Tasmania - share many of the same characteristics that led to the destructive fires that swept through Los Angeles in 2025, including long-term drying trends, episodic drought, more extreme winds, large areas of bushland adjacent to homes, steep slopes that accelerate fires and increasingly common pyroCb (fire-generated thunderstorms);
- (4) Accepts that Hobart is one of Australia's most fire-exposed capitals, hosting steep terrain, strong winds and heavy fuels, hemmed in by wet and dry forests on Kunanyi/Mount Wellington;
- (5) Notes with concern that there is a growing number of people living closer to flammable bush and grassland, with a 33% increase of people living in Hobart's urban fringe danger zones over the past 2.5 decades, and 90% of homes in bushfire prone areas having been constructed before modern, bushfire-resilient standards were introduced;
- (6) Calls upon the Tasmanian Government to cut climate pollution, take action now to invest in disaster preparation and community resilience, including hazard reduction, education and retrofitting existing homes to bushfire standards; and
- (7) Calls upon the Tasmanian Government to prioritise an evacuation plan for Greater Hobart, and to work with emergency services to ensure that they are properly resourced.

13 Report of the 2024-25 Independent Review of the Climate Change (State Action) Act 2008

Given by: Ms O'Connor

Date: 26 March 2026

To be moved:

Questions on Notice

27 Treasury Building Complex

Asked by: Ms O'Connor
To: Leader for the Government
Date: 25 March 2026

Question:

Regarding the Tasmanian Government's plan to repurpose one of the State's most iconic and historically-significant assets – the Treasury Building Complex in Hobart, the Expression of Interest phase closed on Wednesday, 17 December 2025 and I understand unsuccessful proponents have been notified.

Can the Government provide an update on:

- (1) The name of the successful proponent.
- (2) The nature of the successful proposal.
- (3) Whether it involves the sale or long-term lease of the Treasury Complex.

- (4) When there will be a public announcement about the details of this arrangement and the future of this public heritage asset.
- (5) A timeline for this project.

28 **AFL Head Injuries**

Asked by: Mr *Gaffney*
To: Leader for the Government
Date: 14 April 2026

Question:

From 1 May 2026, the AFL Players Association Super fund will not pay Total and Permanent Disability (TPD) benefits for claims relating to injuries such as a traumatic head injury, concussion, Chronic Traumatic Encephalopathy (CTE), post-concussion syndrome or any neurological impairment linked to brain injury.

There will also be a significant reduction in maximum payouts for all other TPD injury claims, with the changes apparently due to a revised proposal for insurance from Zurich Insurance, as it was the only group to put forward an insurance offering in the recent tender process.

- (1) Given that Tasmanian Football Club Ltd (Tasmania Devils) and its licence is owned by the AFL, with the Tasmanian Government as the key funding and development partner:
 - (a) Does the Government have, or intend to take, legal advice on its risk of exposure to action for compensation for any future claim by a Devils player;
 - (b) What assurances does the Government have that the Board of the Tasmania Devils, as a matter of sound governance, have, or intend to take, legal advice on the risk of exposure to action for compensation for any future claim by a Devils player; and
 - (c) If such an action were to arise on such an uninsurable risk, what would be the consequences for a possible claimant, the Devils as a team with the AFL as its owner, and the Government as the key funding partner?
- (2) Given that Section 7. of the *Workers Rehabilitation and Compensation Act 1988 (Tas)* exempts AFL players from cover, and the fact that AFL concussion rates are among the highest for any team sport anywhere in the world.:
 - (a) Will the Government follow the 2023 Senate *'Concussions and repeated head trauma in contact sports'* Inquiry recommendation to encourage state and territory governments to engage with professional sporting organisations to explore how the general exclusion of professional sports people from various state and territory workers' compensation schemes could be removed; and
 - (b) If not, what confidence can an AFL player have, that signs up to play for the Devils, that there will be adequate workplace cover for a TPD arising from their workplace as a contracted employee?

29 **Land Acquisition related to Marinus Link and North West Transmission Developments Projects**

Asked by: Mr *Gaffney*
To: Minister for Energy and Renewables
Date: 14 April 2026

Question:

The March 2026 newsletter from TasNetworks states: "Of the 142 private landholders where a new easement is required, TasNetworks has achieved voluntary agreements with 97 per cent. The statutory easement acquisition process will be used for remaining landholders." Additionally, TasNetworks' [Land Access, Land and Easement Acquisition and Compensation Process](#) fact sheet states, "TasNetworks' position is that it will only exercise statutory powers as a last resort. This option will only be considered where all alternative options have been exhausted and it is necessary to allow the timely progress of transmission projects." The same fact sheet asserts, "TasNetworks will make all attempts to negotiate a voluntary acquisition of land or easement with a landholder prior to proceeding to statutory acquisition."

Considering that planning permits granted for the North West Transmission Developments (NWTd) and Marinus Link projects are both currently under appeal, and therefore the future of these proposed developments is subject to a degree of uncertainty at the present time:

- (1) At exactly which point in the NWTd project timeline does TasNetworks intend to use its powers under the *Land Acquisition Act*?
- (2) Is the Government in a position to ensure that TasNetworks will continue to negotiate in good faith with remaining landholders to attempt to achieve a voluntary agreement?
- (3) Will the Government ensure that the *Land Acquisition Act* will not be used to acquire land or easements until such time as all necessary permits in relation to the NWTd and Marinus Link have been granted, and all appeals have been resolved, and it is certain that 'Project Marinus' will continue as intended?

30 Exportation and Importation of Electricity

Asked by: Ms Forrest

To: Minister for Energy and Renewables

Date: 14 April 2026

Question:

- (1) With regard to the operations of the National Electricity Market and directional pools and allocation rules:
 - (a) Can the Minister confirm and/or explain:
 - (i) that inter-regional settlement residues are separated into two directional pools - one for flows from Victoria to Tasmania and one for flows from Tasmania to Victoria;
 - (ii) that according to National Electricity Rules, each directional pool is allocated between the two regions and is this a specific rule or a convention; and
 - (iii) that the importing region receives the majority share of each directional pool?
 - (b) For electricity flows from Tasmania into Victoria, can the Minister confirm the percentage of the pool allocated to the Victorian transmission network operator?

- (2) With regard to the treatment of Interregional Residue Revenue by TasNetworks, can the Minister confirm and/or explain:
 - (a) that any residue revenue allocated to TasNetworks, whether from the pool or from auction proceeds, must be treated as regulated revenue under the Australian Energy Regulator's (AER) Post-Tax Revenue Model;
 - (b) that the AER requires all such revenue to be credited against TasNetworks' allowed revenue, thereby reducing the amount recovered from Tasmanian customers; and
 - (c) that Hydro Tasmania does not receive any portion of the residue pool directly under the regulated model?
- (3) With regard to the auctions and pre-auction deductions, can the Minister confirm and/or explain:
 - (a) whether any deductions or allocations are made from each directional pool before the auctionable amount is determined; and
 - (b) if deductions occur, can the Minister list the categories of deductions applied prior to auction;
 - (c) which entity receives any pre-auction allocations from the residue pool; and
 - (d) that Hydro Tasmania can only obtain exposure to inter-regional residues by purchasing units at auction?
- (4) With regard to the future electricity export dynamics under Marinus Link, can the Minister confirm and/or explain:
 - (a) whether Tasmania is expected to become a net exporter of electricity once Marinus Link and the North West Transmission Developments are completed;
 - (b) if Tasmania becomes a net exporter, the dominant directional pool will be the Tasmania-to-Victoria pool;
 - (c) under current rules, the majority of the Tasmania-to-Victoria pool will be allocated to the Victorian transmission network operator;
 - (d) whether the Government has undertaken any modelling of the expected annual value of the Tasmania-to-Victoria pool under future export scenarios; and
 - (i) If so, will the Minister table that modelling?
- (5) With regard to the Whole of State Business Case and information provided to the Minister and Cabinet, can the Minister confirm and/or explain:
 - (a) whether the Whole of System Business Case provided to Cabinet included explicit analysis of how inter-regional residues would be allocated between Tasmania and Victoria under the regulated model;
 - (b) whether Cabinet was provided with modelling of the expected northward and southward pool values over the life of Marinus Link; and
 - (c) whether any analysis was provided to Cabinet on the risk that TasNetworks may receive little or no residue value in years where Tasmania is a net exporter?
- (6) With regard to the Post-Tax Revenue Model (PTRM), and related regulatory process, can the Minister confirm and/or explain:
 - (a) the commencement date, regulatory period and any transitional arrangements applying to Basslink under the Australian Energy Regulator's revenue determination;
 - (b) whether the AER's Post-Tax Revenue Model will apply to Basslink from the commencement of regulated operation;

- (c) whether the AER has provided any guidance to TasNetworks or the Government regarding the treatment of inter-regional residue revenue in the revenue determination; and
 - (d) whether the AER's revenue determination for Basslink assumed any inter-regional residue revenue in its modelling?
- (7) With regard to the building of new variable renewable energy generation and the role of Hydro Tasmania, can the Minister confirm and/or explain:
- (a) whether new renewable projects enabled by the North West Transmission Developments are expected to require Hydro Tasmania to provide firming or system support through Power Purchase Agreements;
 - (b) whether the cost of such Power Purchase Agreements will be borne by Hydro Tasmania; and
 - (c) has the Government assessed the combined financial effect of:
 - (i) Hydro providing PPA support for new renewable projects; and
 - (ii) the majority of northward residue value flowing to Victoria?
- (8) With regard to the Hydro Tasmania's export strategy, can the Minister confirm and/or explain:
- (a) whether Hydro Tasmania has advised the Government that it has "no export-driven strategy"; and
 - (b) whether the Government's energy policy continues to rely on export-driven revenue assumptions from Hydro Tasmania?

31 Victims of Crime

Asked by: Ms Thomas
 To: Leader for the Government
 Date: 14 April 2026

Question:

Through recent discussions with individuals who have lived experience as victims of crime, it has become clear there are gaps in support for those affected by a wide range of crimes.

- (1) In relation to current legislative and service frameworks that support Victims of Crime in Tasmania, will the Government:
- (a) Support the Tasmania Law Reform Institute to undertake a full review of existing legislation and services currently available to Victims of Crime, given the Act has not been substantively reviewed since its inception in 1976?
 - (b) Support the establishment of a Victims of Crime Support Group, to be run for and by Victims of Crime, to provide peer support, advocacy and connection to services?
 - (c) Support amendments to the *Victims of Crime Assistance Act 1976* to broaden the definition of 'offence' to include aggravated burglary as defined in Section 245 of the *Criminal Code*?
- (2) If the Government supports broadening the definition of 'offence' to include aggravated burglary, will it expedite legislative amendment to the *Victims of Crime Assistance Act 1976* to bring it into effect as soon as possible?
