Northern Suburbs Rapid Bus Project – Public Survey

Ms JOHNSTON question to MINISTER for INFRASTRUCTURE and TRANSPORT

My question is from Michelle from New Town. Public consultation and the community survey for the Northern Suburbs Rapid Bus Project closed on 9 October this year. Many New Town residents are raising serious concerns about routing high-frequency buses onto narrow suburban streets like Oldham Avenue. Given the high level of interest and direct impact on local residents, will the Minister commit to publicly releasing the full results and a summary report of the recent public survey, and if so, when will the data be published?
