

1 PLAY ZONE
Active play zone to cater to all age groups from early years at the eastern end - nature based play, swings and a spinning element to the upper primary years at the western end with a large climbing net and slide, double flying fox, ninja warrior course, swings and a spinning element. The equipment selected was voted by the students in consultation as the most popular.

EAGLES NEST

NINJA WARRIOR COURSE

SWINGS

FLYING FOX + TRAMPS

SPINNING CAROUSEL

NATURE PLAY

7 BUSH FOREST
Reduce the current oval size and create a bush forest around edges with trails leading to outdoor classrooms and gathering spaces. Incorporate an edible bush trail throughout.

2 OUTDOOR LEARNING SPACES
Provide a breakout for learning as well as a beautiful green view from within classrooms. A green buffer to carpark and street and open space for flexibility with shade and hardstand apron at building edge for tables, chairs etc. Incorporate birds nest swing surrounded by sensory planting for calming space during classtime. Allow for maintenance vehicle and flow through entire space for students.

3 COMMUNITY GARDEN ENTRY
Beautiful natural landscape as a forecourt plaza to the school. Organic garden shapes with native trees set in pathways for meandering or gathering, creating a calming slow down as visitors o the school arrive. Places to sit and wait for children or chat during the day nestled into the garden areas. Area could also double as a bike path for early years.

4 YARNING CIRCLE
Space for yarning, dancing and fire surrounded by a grove of she oaks.

5 OUTDOOR DINING & KITCHEN GARDEN
Integrate outdoor dining and kitchen garden so the experience is immersive. Seating under a trellis structure that edible plants can be grown on. This can then double as outdoor classroom for 24 carrot garden programme. Ensure the garden is accessible and allow space for compost and small greenhouse.

6 WELL BEING GARDEN
Create a soft, tactile space with a porch swing and hammocks for quiet thoughts and resting. Surround the space with scented plants as well as those soft to touch. a mini labyrinth could be made in the centre using pebbles or pavers. Little nooks for lying back and gazing at the clouds. A calming space for relaxation and regulation.
